Michelle Yorke Interior Design

With over 20 years' experience in the interior design and construction industry, Michelle Yorke has developed a fresh, modern approach to classic designs. By paying attention to the architecture of the property, Michelle ensures that the design style she chooses for each space complements it beautifully, whether it be a historic building or a new build. Alongside this, Michelle is passionate about creating interiors that are family friendly and able to endure the effects of daily family life, whilst also being comfortable and stylish.
